

enjoyed distributing flags across his entire community to share his patriotic spirit with his neighbors in honor of our country and all those who have served it bravely with him. Fred will be remembered dearly across the South Run Forest community by all those he touched on a daily basis. He was well known by many of his neighbors for having a witty sense of humor. One of Fred's neighbors, Norman Bayne, once told me about a time when he was mowing his lawn and wearing shorts, Fred came out and shouted, "If I had legs like that I would wear pants." Fred always had a way to brighten the day of those around him.

Fred's final assignment in the military was as an Executive Assistant to the Administrator of the Veterans Administration. He passed away a decorated veteran, having earned four awards of the Legion of Merit, The Bronze Star, two awards of the Meritorious Service Medal, the Air Medal, and the Army Commendation Medal. He was preceded in death by his daughter Kerri. He is survived by his wife Marilyn of 55 years, two sons Mark and Matthew, and four grandchildren, Damon, Haley, Aidan, and Brianna. I am honored to commemorate Fred today for his life of leadership, service, and selfless contributions to our great nation. We are fortunate to have citizens like Fred who are willing to put their life at risk to serve the United States of America.

HONORING ED NORTON

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 22, 2016

Mr. THOMPSON of California. Mr. Speaker, I, along with Representative GARAMENDI and Representative HUFFMAN rise to recognize and honor Ed Norton for his great contribution to the designation of the Berryessa Snow Mountain Monument by President Barack Obama on July 10, 2015.

This outstanding accomplishment was made possible by the tireless work of countless advocates like Mr. Norton. Their commitment to engaging friends, colleagues, local residents, businesses, stakeholders across the country, and policymakers in a coordinated effort to achieve permanent protection was critical to the establishment of the Monument.

Now, the Berryessa Snow Mountain Monument may be counted among the hundreds of pristine parks across the country that represent America's most treasured public resources. The region's unique geological formations will play host for the world's scientists for years to come. Centuries-old archeological sites will draw curious historians and researchers as they piece together the stories of generations past. And avid bikers, hikers, campers, horsemen, and sportsmen will be able to enjoy this landmark that is now forever open and accessible to outdoor enthusiasts from Northern California and beyond.

The Berryessa Snow Mountain Monument serves as proof of the value of the Antiquities Act and the power of the Executive to protect these lands in the face of inaction by Congress. After extensive input from interested parties and substantial evidence of this region's value, the Obama Administration honored the support of stakeholders, and the gravity of conservation.

The legacy of public lands is one of the most important we can leave for future generations. The Berryessa Snow Mountain Monument is a critical piece of a preservation system that stretches from the Hawaiian Islands to the Maine Coast. It has been a privilege working with Mr. Norton to further our mutual goal of preserving our nation's great open spaces, and we look forward to collaborating in the future.
